INFORMATION FOR APPLICANTS		
17	Description of Assignment	<p>The objectives for the design and development of the mobile Apps aims to address the existing limitations and fulfill the desired functionalities. The solutions encompass the following key elements:</p> <ol style="list-style-type: none"> 1. Student Management App and Exam Portal: A sophisticated Student Management App and Exam Portal, catering to the diverse needs of teachers, parents, and students. The comprehensive system will enable seamless access and management of critical information, including attendance records, grades, and exam scores. 2. Digital Polytechnic/Technical Education app: a comprehensive mobile app to effectively manage student data, streamline communication, and enhance overall operational efficiency. 3. Smart School - mobile app: a mobile app called "Smart School" to improve its services. The app will be used to manage student data, including class and department wise student lists, student and teacher profiles, and class and section wise routines. 4. Schoolpal - mobile app: The school aims to streamline educational processes, foster better communication, and provide vital support for the mental and physical well-being of its students. Homework Planner and Reminder, Parent-Teacher Communication Portal, Student Mental Health and Wellness Application and Health and Hygiene Education. 5. Smart Register Book for Land office: Develop and implement a comprehensive mobile application that digitizes the existing manual registers of the Upazila Land Office.
18	Experience, Resources and Delivery Capacity Required	<p>Development firm must meet the following eligibility criteria with documentary proof of compliance:</p> <ol style="list-style-type: none"> 1. Must be a Bangladeshi firm having valid & up-to-date trade license (2023-2024), TIN Certificate, Tax Clearance certificate, VAT identification number. 2. Must have minimum 05 (Five) years of general working experience. The year will be counted backward from the date of publication of this notice. 3. It is mandatory to have a minimum of one practical experience in developing a mobile application for any government entity within the last three years. 4. It is preferred that the firm has published at least one mobile app in both the Google Play Store and iOS App Store, and that the app has been available in both stores for the past year. 5. The development firm must submit Recent Bank solvency certificate or liquid asset of at least 50 lacs to carry out the project. 6. Should have 20 (Twenty) full time ICT personnel in company related to system analysis, design, development, integration, testing, QC, training and implementation of web and mobile based applications/ software solutions. 7.
